Bazalto Table
Bo1S

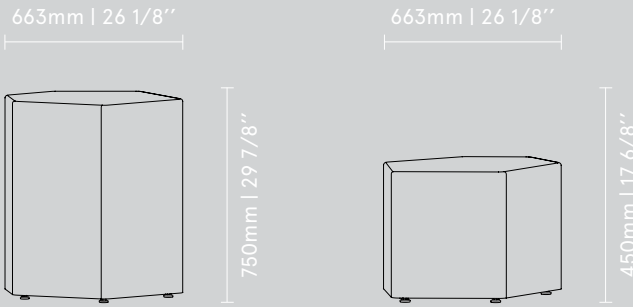

Inspired by the Giant's Causeway in Northern Ireland, the Bazalto is a new, fun and creative way to design a modern seating arrangement for every office space. Designed to evoke the feeling of nature, it resembles the form of dried soil in the desert or floating ice sheets in the Arctic – a lot of irregular single forms transform into one large unit.

Group them to make one large seating piece fostering collaboration or arrange them separately to create clusters of small units for more privacy. Combine two different heights – the shorter pouf for a seat and the taller one for a backrest – to achieve perfect solution to office seating needs. The design possibilities are endless and are all up to you.

As it features high agility, choose the Bazalto to follow the shifting trends. It's a fresh approach to casual seating, designed to answer a variety of modern office environment demands. Furnish a conference room or entrance hall with the poufs and

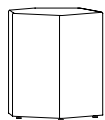

let their users tailor them to their comfort. Thanks to its modular design, the Bazalto can be used to arrange a breakout area as well. With a wide array of fabric in invigorating colours to choose from, it is easy to personalise.

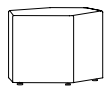

Technical specification

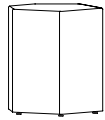

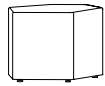

Bazalto BPW1
663 / 522 / 750

The Bazalto table completes the look. With its hexagonal shape it can be combined with the Bazalto poufs to perform various function. It can be either used as a coffee

table for a meeting area or even serve as a smart workplace to provide an alternative to assigned desk. As it is made of mass-dyed HPL its quality is superior.
